LOGAN ELM BAND—The Logan Elm High School marching band, under the direction of David Price, has been invited to participate in the All-Ohio Shrine Bowl game Dec. 7 at the Ohio State University stadium. Members

include 69 musicians, six majorettes, and 12 flag carriers. The band recently finished third in its class in competition at West Jefferson.

Congress Likely To Mark Time

WASHINGTON (AP) — The sweeping gains Democrats scored in Congress, especially in the House, could mean that the lawmakers will do little more than mark time in the lame-duck session that opens Nov. 18.

Major decisions on economic and

social programs, most of which had little chance of enactment this year in any case, are more likely than ever to be left to the more Democratic, more liberal and younger Congress that will convene in January.

There will be a strong effort in the

Senate to conclude action this year on the foreign trade bill, which the House has passed and which was brought to the verge of Senate approval by a compromise on Soviet emigration policies.

Some senators also have promised to try to attach to any available House bill some version of the tax on oil company windfall profits, which has been stymied in the House.

But wide-ranging tax revision, a national health plan, strengthening of the unemployment compensation system and a big public service job program are issues likely to be left to a Congress where more sweeping solutions could have more support.

It was increasingly doubtful that Congress would conclude action this year on the nomination of Nelson A. Rockefeller as vice president.

The Senate may finish its part, even though additional hearings have been scheduled. In the House, where the Judiciary Committee has not begun hearings, it seemed likely that the final vote would come in 1975.

In the Congress that convenes in January, Democrats are assured at least 291 House seats, more than two-thirds, with three seats still unsettled. In the Senate, they will have at least 61 out of 100.

President Ford and Democratic congressional leaders exchanged post-election statements pledging cooperation in solving the nation's problems, but the record gave no assurance they will see eye to eye on the methods.

Senate Leader Mike Mansfield told Ford, "I would hope ... now that the election is over we will be able to get together and work cooperatively. I know you want to, I know the Senate wants to and I feel sure the House wants to."

"Let me assure you that will be the case," Ford replied.

After a House leadership conference at which Speaker Carl Albert was reported to have urged that solving the economic problems be put ahead of partisan interests, an aide said, "The name of the game is going to be compromise."

"We may make suggestions, but if anything is to be done, Ford is going to have to agree."

counselor to Treasury Secretary William E. Simon.

"The challenge for 1976 is to keep the spending side of the budget under control," said Jones in an interview. "There is a great risk of it getting out of hand."

Another key Treasury official, who did not want to be quoted by name, agreed with Jones' assessment that a balanced budget would be difficult to achieve, especially because of the sagging economy.

In addition, this official said Tuesday's election results, which gave substantial gains to the Democrats, means "we will end up with an extremely liberal 94th Congress."

"Congress will find it extremely difficult to resist big spending."

The Ford administration strategy will be to get as much of its economic program through the final weeks of the lame-duck 93rd Congress, including the 5 per cent income surtax, which already has met with considerable opposition.

Jones said the administration feels the Ford tax program — which also includes an increase in the investment tax credit and tax exemptions for dividends on preferred stock — will stand a better chance of passage in the existing Congress.

In a speech in Chicago Wednesday night, Simon said, in effect, that the existing Congress will be irresponsible if it fails to enact the Ford program promptly.

"If the Congress refuses to act in the next few weeks, we should recognize that position for what it is — a conscious, deliberate decision to let inflation rage on," Simon said.

He added that inflation has helped place the American free enterprise system "in grave danger today."

Hopes For Balanced Budget This Year All But Gone

WASHINGTON (AP) — Administration hopes that President Ford can balance the federal budget for the first time in seven years are fading fast, Treasury Department officials believe.

They chiefly blame the sagging economy, which they feel will reduce the revenues the government would obtain in corporate and individual income taxes. In addition, they expect new spending pressures from Congress to ease recession and unemployment.

"My guess at the moment is that the revenue prospect for fiscal 1976 makes it difficult to assure a balanced budget for that year," said Sidney Jones,

Rain Hits Northwest

By THE ASSOCIATED PRESS

Rain splattered into the Pacific Northwest, the interior Northeast and parts of the South today, but most of the nation in between was fair and pleasant.

Up to an inch of rain soaked sections of the Northwest during the night as a fresh surge of cold air dipped into the region. Showers ranged eastward into Montana and turned to snow at higher elevations.

Drizzle dampened an area from Ohio and West Virginia to New York and Pennsylvania, and clouds spreading over the Southern Plains spilled rain across much of Texas and into portions of Oklahoma and New Mexico.

Clear and cool weather from the Rockies through the western Great Lakes region tumbled temperatures into the 30s and 40s over most of the nation's interior overnight. Similarly crisp readings dipped well into the South.

GOP Seeks Ways To Rebound From Loses

WASHINGTON (AP) — Three moderate Republican senators say the GOP must broaden its base and offer specific economic programs if it hopes to rebound from off-year election defeats that left its national strength at a 10-year low.

The statements from Sens. Lowell P. Weicker Jr. of Connecticut, Charles H. Percy of Illinois and Charles McC. Mathias of Maryland came as President Ford and Senate Democratic Leader Mike Mansfield pledged cooperation Wednesday despite a general expectation of conflict over economic programs.

Democratic leaders, meanwhile, gave every indication they will set their own agenda, headed by national health insurance, tax reform and an expanded public service jobs program, when the 94th Congress meets in January.

"There is an inherent weakness in the entire structure of the Republican party," Weicker declared. "They are not going to win any election until they broaden the base of their party."

Percy, sounding a bit like the presidential contender he hoped to be before Ford succeeded Richard M. Nixon, said, "The Republican party can rebound, but only by developing a distinct set of programs that realistically attack the problems, especially the crunching economic

problems, that confront us all."

Mathias, saying that he had received support from blacks, labor and ethnic groups in his re-election, said he intends to see that the national GOP "does reach out" to such groups.

Turnout for this election was the lightest for any year since at least 1946, with an unofficial count showing 38 per cent of the voting age population cast ballots.

Nearly complete election returns showed Democrats fell short of their predicted pre-election gains by the narrowest of margins, especially in the Senate, where Republicans led three Senate races by a total of less than 1,300 votes.

GOP victories in all three — North Dakota, New Hampshire and Nevada — would keep the net Democratic Senate gain to three, from 58 to 61. Democratic victories could swell the gains as high as six, to 64.

In two other Senate races, one led by each party, the margin was less than 5,000 votes. And in five governorship contests, too, the unofficial margin was less than 5,000.

This was the standing:

—Senate: Democrats captured four Republican seats, in Florida, Colorado, Kentucky and Vermont, but trailed for one in Nevada they now hold. That left them with an assured 61 seats in the new Senate, the 11th

straight under Democratic control.

—House: The net Democratic gains, exceeding pre-election forecasts, stood at 43, meaning the new House will have at least 291 Democrats. Three races remained undecided. The Democratic total barely missed matching the 295 in Lyndon B. Johnson's 1964 landslide, the largest total won by either party since 1936.

—Governors: Democrats captured nine, while losing three to the Republicans and a fourth to an independent, in Maine. Another Democrat trailed, indicating the new standing would be 36 Democrats, 13 Republicans and one independent, surpassing the 35 Democrats elected in 1958.

The closest Senate contest was in North Dakota, where Republican Sen. Milton R. Young and former Democratic Gov. William L. Guy finished in a virtual dead heat. The Associated Press unofficial tally put Guy 14 votes ahead, while the News Election Service said Young led by 16, pending an official tally of the 229,000 votes.

In Nevada, Republican Paul Laxalt edged Democrat Harry Reid by just 616 votes. In New Hampshire, Republican Louis C. Wyman led Democrat John A. Durkin by a slender 588.

In two other contests, the margins

Both Sides See Possible Accord In UMW Talks

WASHINGTON (AP) — The chief coal industry negotiator in contract talks with the United Mine Workers says an agreement could be reached by this weekend to keep short an expected nationwide miners strike.

Guy Farmer, chief negotiator for the Bituminous Coal Operators Association, said Wednesday he thought the two sides should be able to reach an accord "in two or three days," provided no new snags develop.

"I don't think we're that far apart. That's not to say we don't have some real knotty issues which need to be resolved," Farmer said.

UMW President Arnold Miller said there could be a tentative agreement before the current contract runs out at midnight Monday, but not in time to prevent at least a brief work stoppage. Miller would not comment when asked about the possibility of a breakthrough this weekend.

"What we do every day (at the bargaining table) will affect the duration of a stoppage," Miller said. Under the union's ratification procedures, it will take about 10 days for the membership to approve a tentative settlement.

Farmer said the negotiators were in the process of taking each other's proposals, starting at the beginning and comparing positions and

"discussing how we might settle it."

Sources said that while major differences remained, the two sides were close in the economic area, including wage increases for the union's 120,000 miners.

The government has estimated that

a month-long strike could force the layoffs of as many as 400,000 workers in the steel and other coal-burning industries. In addition, the auto industry, the nation's largest consumer of steel, says it would have to shut down within a few weeks for lack of supplies.

'Sound Of Music' Enjoyable Evening Of Entertainment

Once again Roundtown Players, Circleville's civic theatre enthusiasts, have produced an excellent evening of entertainment with "The Sound of Music."

The Rogers and Hammerstein musical story about the von Trapp family during the pre World War II days in Austria opened Wednesday at Memorial Hall for a five day stand.

The opening night audience was in unanimous agreement that the weeks of hard work by the cast, director, musicians and behind-the-scenes crew were well worth the effort.

Four Roundtown Players veterans, Katie Schneider, Larry Blum, Gladden Troutman and Helen Blum, were cast perfectly in their roles while Jo Ann Brink in her debut with the Players displayed her outstanding singing ability in such a way that made everyone hope she becomes a regular

part of the local productions.

Katie Schneider and Larry Blum captured the hearts of everyone for their performances as Maria and Captain von Trapp.

Katie's previous credits include her portrayal of a maid and a member of the Cockney Chorus in "My Fair Lady" two seasons ago, the starring role of Annie in "Annie Get Your Gun" by the Chillicothe Civic Theater and appearances in Carmen and "Amahl And the Night Visitors" at Ohio State University. Larry is certainly no stranger to local audiences as he has portrayed Herbie in "Gypsy" winning an audience appreciation award.

Gladden Troutman's portrayal of Max Detweiler was delightful, just as were his previous roles in "My Fair Lady" and "Gypsy."

Helen Blum played Elsa Schraeder, Captain von Trapp's would-be wife and is his wife in real life. She received an audience appreciation award for her part as Eliza in "My Fair Lady" and certainly is bidding for another with her work in the current production.

And Jo Ann Brink's only mistake is not getting involved in the Roundtown Players sooner than this. The audience fell in love with the von Trapp children, played by Barb Dowd, Dan McCain, Judy Fischer, Brad Fisher, Kathleen Dawn Higgins, Kaarl Blum and Gina Ross. The singing of the nuns' choral group was a highlight of the play.

Directors Jim Dippel of Grove City, who also directed South Pacific and My Fair Lady locally, and Clare Teegardin serving for the fourth consecutive season as musical director, are to be congratulated along with the cast.

We attended the performance expecting to spend a pleasant and enjoyable evening and we were not disappointed. We highly recommend that our readers see one of the four remaining performances.

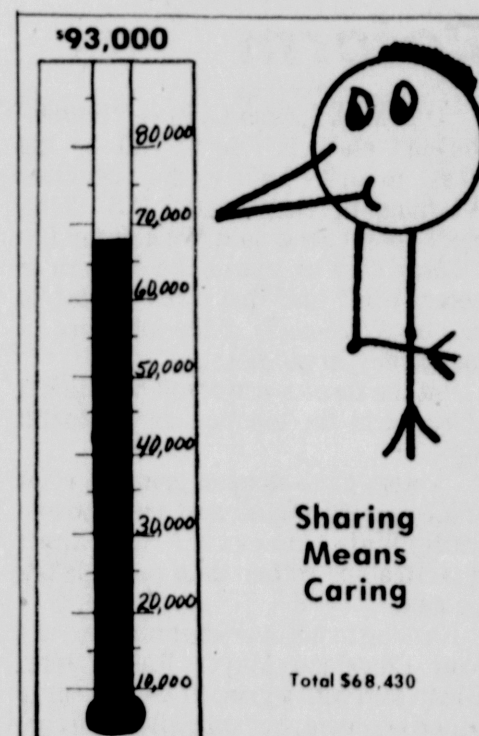

Ohio Bell Seeks Huge Rate Boost

CLEVELAND, Ohio (AP) — Ohio Bell Telephone Co. today asked state approval of a \$216 million rate increase to cope with inflationary pressures.

Bell, in its request filed today, said the company had made some significant changes in the way it proposes to charge for some services.

The proposed increase, if granted as requested, would amount to about a \$3 monthly hike in telephone costs to a residential user, a Bell spokesman said.

Markets

NEW YORK (AP) — The stock market advanced slightly today in another active, back-and-forth session on Wall Street.

The noon Dow Jones average of 30 industrials was up 3.20 at 672.32, and gainers held a moderate lead over losers on the New York Stock Exchange.

Analysts said hopes for another prime rate cut by New York's First National City Bank on Friday were providing the market with some upward impetus.

Texas Utilities, the most-active NYSE issue, rose 3/4 to 21 1/2 in trading that included a 99,900-share block at 21 1/2.

On the American Stock Exchange, the market-value index slipped .12 to 69.69.

The NYSE's composite common-stock index rose .15 to 39.61.

Houston Oil & Minerals led the active list on the Amex, rising 1 1/4 to 29 3/4.

Arraignments Held In Common Pleas Court

Three of the persons indicted by the September Grand Jury in its third session on Nov. 2 were arraigned in Pickaway County Common Pleas Court Wednesday. Judge William Ammer also conducted court trials for eight other defendants during the weekly session of court.

Not guilty pleas were entered on five charges against Dale Knece resulting from his break-in of the Kenneth O. Azbell residence. Knece pleaded not guilty to aggravated burglary which constitutes a first degree felony, abduction, aggravated menacing, theft and having weapons while on probation.

Michael Sechler, Lancaster, and George Jeffrey Grooms, Columbus, also entered pleas of not guilty to the charges brought against them by the grand jury. Sechler is charged with escape and Grooms, with grand theft and arson of a motor vehicle.

Representing prosecutor Richard Gerhardt during the hearings was assistant prosecutor James Kingsley who negotiated a plea of guilty with Wendell Keith Calton. Kingsley agreed to accept the guilty plea from Calton on one breaking and entering count and a misdemeanor charge of possession of marijuana. The defendant had originally been indicted for a second offense of possession which would have constituted a felony charge.

The court accepted the guilty pleas from Calton and ordered a presentence report to be prepared by the Adult Parole Authority.

A presentence report was also ordered on Arnold Robinson, 219 Second Ave., who pleaded guilty to breaking and entering.

Donald Eugene Donaldson, Ashville, pleaded not guilty to the three charges against him. He is charged with one

count of passing bad checks and two counts of forgery.

Three men and one woman were sentenced during the morning. Linda Chapman, Route 1, Lockbourne, charged with forgery, was sentenced to six months to five years in the Ohio State Reformatory for Women at Marysville. She had previously pleaded guilty to the charge. The court suspended the sentence and placed her on probation for three years.

Crosby Chapman, of the same address, was sentenced to 4-25 years at the Mansfield Reformatory for men on a charge of breaking and entering an inhabited dwelling in the night season. He was also sentenced to a term of 1-5 years for a charge of grand theft. Judge Ammer ordered the two terms to run concurrently.

A sentence of six months in the Pickaway Jail was suspended against Michael Hettinger for assault. Hettinger had originally been charged with felonious assault but pleaded guilty to the lesser charge of plain assault for which he was placed on probation for 18 months.

Final court action was taken on two charges against Woodrow Collins, Hillsboro. Collins entered pleas of guilty to charges of breaking and entering and grand theft. The court accepted the pleas and proceeded to sentence Collins to 1-5 years at the Ohio State Reformatory for Men on each of the two counts and then ordered the two terms to run concurrently.

Execution of the sentence against Collins was suspended and the court granted five years probation. The probation period was ordered to begin Sept. 27 to coincide with the date on which he was placed on probation in Adams County.

Nixon Tape System Said Flaw-Ridden

WASHINGTON (AP) — A Secret Service man has testified that former President Richard M. Nixon's taping system had flaws that make it suspect as a complete record of his White House conversations.

Secret Service technician James G. Baker said Wednesday at the Watergate cover-up trial that as much as three minutes of some presidential

conversations went unrecorded while tape reels were being changed.

Baker, a retired Air Force sergeant, testified as one of a series of witnesses summoned to authenticate 26 White House tapes the prosecution plans to play for the jury. The verification process was scheduled to continue today with the likely testimony of former White House lawyer J. Fred Buzhardt.

Assistant special prosecutor Richard Ben-Veniste said none of the 26 tapes the prosecutors plan to introduce into evidence starting next week have any gaps resulting from the Secret Service's method of changing tape reels.

Defense sources said, however, there were other flaws in the system that probably prevented other presidential conversations from being picked up by the taping system.

Former White House assistant Alexander P. Butterfield has testified that Nixon ordered the system installed in the White House Oval Office, the president's office in the Executive Office Building and the Cabinet Room in the White House.

As described by Baker and Secret Service agent Randolph Nelson on Wednesday, the taping system was installed in February 1971 and remained until July 18, 1973.

Through an elaborate interconnection of electronic and sound gear, the system was devised to pick up only conversations in which Nixon was a participant.

Although the tape recorders were designed to turn on with the sound of a voice or some other noise, only if the President was present would the reels begin to roll.

Agent Nelson said he knew of only nine persons, including Nixon, cover-up defendant John D. Ehrlichman, Butterfield and Secret Service men, who knew about the system until Butterfield made it public.

Plain Dealer Section Published

CLEVELAND, Ohio (AP) — The Plain Dealer is continuing its efforts to publish despite a strike by members of the Cleveland Newspaper Guild that has halted operations at the Plain Dealer plant since Friday.

The morning newspaper's request for an injunction to force nonstriking craft unions to cross the Guild picket lines and return to their jobs is in its fourth day today in federal court.

U.S. District Court Judge Ben C. Green continued the case Wednesday after the third day of testimony.

'White Fleet' Trip Eyed

NORFOLK, Va. (AP) — A proposal to send a "Great White Fleet" of about 24 warships on a world-circling voyage is circulating in high Navy circles, the Norfolk Virginian Pilot says.

The newspaper said today that the proposed voyage is designed to tie in with America's bicentennial celebration and enhance the Navy's image at home and abroad.

The proposal reportedly suggests that such goodwill visits would dispel the wariness with which some countries view the United States after the Vietnam war, the newspaper said.

Navy officials said the idea, now only a theoretical concept, falls into the realm of "possible future operations" and can't be discussed, the Virginian Pilot said.

The fleet would be named after President Theodore Roosevelt's Great White Fleet of 1908, which visited six continents and traveled more than 42,220 miles in 535 days.

Red Parade Curtailed

MOSCOW (AP) — The Soviet government curtailed the annual Red Square celebration today of the Bolshevik Revolution because of bad weather. It was the first time in memory this had happened.

Nothing new was shown in the parade of tanks, rockets and missiles through the square, according to Western specialists. But the pace was speeded up.

After the military hardware passed Communist party chief Leonid I. Brezhnev and other leaders standing atop Lenin's mausoleum, it was suddenly announced that the march of Muscovites with floats, banners and flags was canceled because of the weather.

The temperature was just above freezing and a chill wind, rain and winter's first snow flurries swept the square. But the weather was just as bad last year and for many of the parades it has been worse.

City Board Buys New School Bus

Bids were accepted for a new school bus by the Circleville Board of Education today in an adjourned meeting of the regular monthly meeting. Bids on both the bus chassis and the body were opened on Oct. 30 and the board found the combined price to be approximately \$2,000 less than the bids which were rejected on Oct. 3.

The chassis bid was awarded to the H and S Company for an International chassis with the total cost, including freight to the body company and snow tires being \$9,119.60. Ward Bus of Ohio in Cincinnati presented the best bid on the body. The board accepted the bid of \$5,602 for the Ward body which includes a third heater.

A trade-in offer of \$1,600 for the 1966 International bus which will be replaced by the new bus was accepted as part of the bid presented by the Ward Bus Company. The total cost of the new 66-passenger bus with trade-in was \$14,718.60. The best bid offered earlier and rejected by the board was nearly \$1,700.

In other action, the board employed Carol Roper as an elementary teacher to replace Susan Casey. Mrs. Casey's resignation was accepted at the last board meeting. Ms. Roper is a graduate of Bowling Green State University and has three years' experience. She will begin her contract Dec. 2.

Carol Mummert was added to the secondary substitute teacher list. The board will meet in regular session 7:30 p.m. Nov. 20.

Applications For Liquor Permits Filed

Application was filed Oct. 24, by Flossie A. Riser, owner of Risers, 5050 Walnut St., South Bloomfield, for liquor permits D-1, D-2.

The permits requested are for 3.2 per cent beer for on-premises consumption and carry-out and high-powered beer and wine for on-premises consumption and carry-out.

According to Richard E. Guggenheim, Director, Ohio Department of Liquor Control, the usual time for the processing of an application is 45 days.

Thomas M. Jones, owner of the Little Big Horn, 505 Lancaster Pike, filed a transfer application Oct. 28, for liquor permit D-1 from Man Sels Inc. to his ownership.

If the applicant is qualified and there is an opening, the Department of Liquor Control is required by law to issue the permit.

Youths Cited With Illegal Use Of Auto

Two 13-year-old Columbus boys are being held in Pickaway County Jail, by order of juvenile court, for the unauthorized use of a motor vehicle, owned by William Guzik, Route 2, Ashville taken 2:18 p.m., Wednesday.

The two lads reportedly stopped at Ramey's Arco, Routes 104 and 316, inquiring the distance to Yellowbud. Guzik's auto was parked at Ramey's, with the keys in the ignition, for servicing later that day.

Paul Ramey went to get Guzik's auto, approximately 20 minutes after the teenagers had left, and noticed the car was gone. Deputy James Dixon, investigating officer for the complaint, contacted the office for further assistance in locating the boys.

Deputy J. Phillip Brown located the two lads and stopped them just inside the county line at Dungan Road.

They are to appear before juvenile authorities today.

Marathon Reports Oil Discovery

FINDLAY, Ohio (AP) — The Marathon Oil Co. has announced that three of four wells it has drilled in a new lease tract off the Louisiana coast have struck multiple oil and natural gas zones.

Marathon said a test well showed production of 5.9 million cubic feet of natural gas and 744 barrels of oil per day. Arrangements for design of a drilling and production platform are underway, the Ohio-based company said.

The tract was leased from the federal government on March 28. Marathon owns 25 per cent of the lease.

Calvary UM Schedules Mission

Calvary United Methodist Church is sponsoring a three-day weekend mission, Friday, Saturday and Sunday.

Roy Osborn, pastor, states that the mission is for all families identified with Calvary Church.

The mission, under the direction of Charles Bader, Louisville, Ky., will involve 35 team members from a four-state area.

The team members are laymen from various congregations giving their time to share their Christian experience.

Pastor Osborn also notes that the purpose of the mission is to search for new means of mission and service to the church and community.

A highlight of the mission will be a meeting, 2 p.m. Saturday with the city's leaders.

The church council on ministries and Pastor Osborn will meet with the Pickaway County Sheriff, Circleville Chief of Police, Mayor, Welfare Representative and the Home Extension Agent, discussing what the church is, is not, and what it could be doing in the community.

The concluding event is an evaluation period after the team members leave. The time of sharing and evaluation will be held in the sanctuary.

Police Charge Man With Abduction

A Columbus man surrendered to Circleville Police Wednesday after he had been charged with abducting his ex-wife.

Circleville Police Sgt. Larry Pontious issued a warrant Monday for Lloyd Winfield Jr., 27, Columbus, after Winfield's ex-wife charged him with abducting her.

Sgt. Pontious said Maria Hoosier, Chillicothe, claimed Winfield grabbed her as she was leaving her car at the General Electric Co. parking lot about 6 a.m. Monday.

Winfield allegedly assaulted Ms. Hoosier, his ex-wife, and forced her into his car which was parked across Ohio St.

She told police Winfield took her to his Columbus apartment and finally returned her to the GE parking lot about 2:30 p.m.

Driver Cited In Accident

Twenty-one-year-old Ralph Preston Pettiford, Route 1, Clarksburg, was charged, by Pickaway County Sheriff's Deputy Lawrence Holt, for driving without an operator's permit, when he was involved in a minor two-car accident, 7:23 p.m. Wednesday.

Pettiford pulled onto a gas station lot on Front Street, in New Holland, while a car driven by Barry G. Knapp, 18, New Holland, was stopped at the traffic light.

Pettiford pushed the clutch in on his car and it rolled back into the right side of Knapp's car.

No injuries were reported.

A Page Of Opinion

Heavy Carrying Charge

Many taxpayers would have difficulty identifying the most rapidly rising parts of the federal budget. In the last decade the entire budget has been increasing almost as rapidly as Arab oil prices. So has the red ink.

As a result, the third largest category of expense in the budget now is interest on the national debt. Because deficit spending has continued

unabated, and also because of record high interest rates, the interest on the debt currently is \$31 billion a year.

It might easily climb higher with the prospect of another deficit spending year before the nation.

National administrations have run up deficits in 17 of the last 20 years. In those two decades the national debt has increased from \$271 billion to

\$487 billion (as of July 1)

To bring those astronomical figures down to earth, it means the average American family is paying \$429 a year for interest on the debt. That money pays not one cent of current funding, does nothing to help solve any of the problems facing the nation.

It is a penalty taxpayers of today must pay for the spend-thrift habits of past administrations and congresses.

Let's Find The Letter

ON THE LINE
By BOB CONSIDINE

NEW YORK—Former Vice President Spiro Agnew's letter of resignation, addressed to Secretary of State Henry Kissinger, has been stolen from the National Archives. Nary a trace of it. No fingerprints. No midnight phone tips. Nothing has turned up in collectors' galleries. Nothing in the hogsholes.

If Agnew now gets himself a good lawyer, what trouble might result? A reincarnated Clarence Darrow might well be able to make the legal point that since no such letter of resignation exists in its original form, and carbons of it can be dismissed as bogus (along with the biased reports in the media that he resigned — a lie dictated by the Eastern Establishment), Agnew is the President of the United States.

Therefore, Jerry Ford would be indicted as an imposter who ascended to the throne unconstitutionally when the man Agnew served as Vice President abdicated. As for Nelson Rockefeller, the Vice President-designate who has set a new Olympic record for making money unpopular, would be asked to leave quietly, preferably through the rear door.

If, by chance, Darrow loses the case and President Ford remains as President, the President's trip to Japan should be one of the most interesting and perhaps even constructive voyages of his public life.

The Japanese did their best to kill him and many other American servicemen in World War II. Since that time, despite our extraordinary aid, Japanese political activists, mostly young, have been pretty hard on the U.S. and its Presidents. When President Eisenhower's press secretary Jim Hagerty flew into Tokyo as an advance man for Ike in 1960, a mob stoned and rocked his car at the airport. Jim and another U.S. official had to be rescued by a U.S. Air Force helicopter.

Eisenhower's trip was canceled. During his stay in Tokyo, Osaka and other places later this month, President Ford will be more heavily guarded than at any other time in his life. There will be enormous security involved, also, when he makes his overnight stay in Seoul. Ike's life was feared for in Japan in 1960 because there was a rebellion of Japanese students against the renewal of the U.S. pledge to protect their country. Ford will be in danger in Korea because its young people despise their dictatorial and repressive President Park, and Ford (carrying out our policy) supports him.

Eisenhower's canceled trip to Japan — a great blow to him, by the way — failed to change the flight pattern of the chartered Pan Am press plane that was designated to follow his every footstep.

Our flight went into Tokyo's International Airport, willy-nilly, because someone earlier had ruled that that's

where we had to take on fuel. Jim Hagerty's experience was still in our minds. Secret Service men had earlier stripped us of our security by taking Walter Winchell's gun away from him, leaving us nakedly exposed to the crazy young Japanese students.

There was a Japanese-American reporter on board the tension-filled Pan Am jet as we toiled up to the terminal. Very helpful bloke. He pulled out a brush-point pen and wrote a message in Japanese that fitted into the front window of the passenger compartment of the plane.

It read, in Japanese, "JIM HAGERTY IS NOT ABOARD."

Not too many modern baseball fans may remember Buddy Myer, who died the other day in a Baton Rouge, La., hospital at 70. Buddy played 17 years of major league baseball during the '20s and '30s, all but one of those years with the Washington Senators. He had that

one year with the Boston Red Sox.

Buddy was a real fine guy, totally admired by those of us who covered portions of his career, among them Shirley Povich, Francis Stann, Jack Keller, Buck O'Neill, Dick McCann, Garrett Waters and myself. We all were moved indignantly when he was given so little national attention in 1935 when he won the American League's batting championship, beating out Jimmie Foxx, Lou Gehrig and other celebrated hitters. He wasn't even sent in to pinch-hit in the All Star Game.

The knock on Buddy at the time was that he hit only .349 in his big year. Today, if a fellow hits a hundred points lower, the breathless guy on the telecast will hail him as a fiercely dangerous guy at the plate.

Buddy gave us all — his fellow players and those of us who were assigned to report on him — a touch of class. Which is more than can be said of a bunch of the spooks in the Hall of Fame.

Business World

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — As viewed by business and financial authorities, one of the biggest deficiencies in the American educational system is its failure to adequately prepare individuals in money management.

Only two states make consumer education mandatory. In many cities and states the courses are superficial. Millions of Americans, as a result, can't even maintain a checkbook properly.

Banks, savings institutions, finance companies and others have long sought to correct the situation with do-it-yourself educational materials. More recently the effort is aimed at providing materials for classroom use.

Continental Illinois National Bank offers a detailed, six-unit course, complete with texts, teacher's guides and student problem books. Now the New York Stock Exchange has sent its "Personal Money Management" guide to almost every high school in the country.

James Needham, exchange chairman, hopes to convince federal authorities to make such instruction mandatory for those school districts receiving government funds. Professionally, he feels it might help to keep individual investors interested in stocks. The personal story is longer.

"I was the oldest of three kids, age 5, when my father died. We had no life insurance and we ended up on welfare for a couple of years. It left its mark."

As an accountant, Needham saw otherwise intelligent people who either neglected or were incapable of handling their personal money affairs. One client was a national authority on money management, including wills.

"He died intestate."

"I taught Accounting 1 and 2. I was dealing with accounting majors and they didn't even understand bank statements or how to write checks. It had a unique impression on me."

"As a member of the Securities and Exchange Commission I was horrified by what I saw — very sophisticated people incapable of handling their own affairs."

Perhaps, who knows, with stock customers in mind, Needham continued: "So many people get into serious difficulty because they can't handle money. We've got to prepare them to take care of themselves, and then they won't be looking for help from the government."

Great Lakes Navigation Extended

DETROIT (AP) — At least 16 freighters will brave the worst of winter by sailing the Great Lakes through February, with another 24 vessels operating into January, the Lake Carriers Association says.

Association officials called the winter navigation plans a "dramatic departure" from a few years ago when the sailing season traditionally closed on or about Dec. 15.

They said numerous special aids to navigation, aerial ice reconnaissance flights, special communications and weather forecasts will help the late-season sailors.

Winter navigation has caused protests from those living along the shores of the lakes. They say ice pushed aside by the freighters damages the already eroding shoreline.

of its boats are scheduled to sail through February, with five operating from Marquette to Lake Erie and two from Escanaba to Chicago.

U.S. Steel Co. said nine of its vessels will push through shipping lanes — which likely will be ice-laden — until February if possible.

Slow Cruise In Model A

QUINCY, Mass. (AP) — Some people take a cruise on an ocean liner for their honeymoons. Not Leon and Louise Vaupel — they spent their 1974 honeymoon cruising through the U.S. in a 1929 Model A Ford.

The Vaupels, of Davis Junction, Ill., stopped in Quincy to see John Quincy Adams' house — one of many stops they made in their 6,000-mile jaunt.

Leon says the couple have never been stopped for speeding. "How can you get a ticket going 40 or 45 miles an hour?" he asked.

And the couple say that after their honeymoon they want to continue on the road — as a husband and wife truck driver team.

Today In History

By THE ASSOCIATED PRESS

Today is Thursday, Nov. 7, the 311th day of 1974. There are 54 days left in the year.

Today's highlight in history: On this date in 1917, the Bolsheviks overthrew the short-lived Kerensky government in Russia and Nikolai Lenin became the new head of government.

On this date — In 1659, the Pyrenees were fixed as the boundary between France and Spain, ending a 24-year war.

In 1811, the Shawnee Indians were defeated in the battle of Tippecanoe in Indiana.

In 1885, the Canadian Pacific railroad was completed.

Ten years ago: A nearly-completed building collapsed in Rio de Janeiro, killing 41 persons.

Five years ago: Sixty-five miners were killed in an explosion in a gold mine in South Africa.

One year ago: In an address to the nation, President Nixon said he had no intention of resigning.

Today's birthdays: Soprano Joan Sutherland is 48 years old. Evangelist Billy Graham is 56.

Thought for today: It's great to be great but it's greater to be human — Will Rogers.

20 YEARS AGO

No traffic was to be halted, but city schools were to hold a drill when the proposed six-state Civil Defense alert comes off. The alert was to be signaled by sirens on the cars from the police and sheriff's department.

After seven years, Alpha Xi Delta ran up its first win over Pi Beta Phi 7-0 in the annual Powder Bowl game at Ohio University. Marilyn Douglas of Mt. Sterling played for the winners, while Barbara Campbell of Circleville was on the loser's team.

For many of the folks in Circleville's Southend, and along Western Ave. on the west, there was thrilling news. American railroads were trying to recapture the harmonious whistle of the old steam locomotive for their modern diesel engines.

Jet fuel escaped from a big pump and caused an emergency at Lockbourne Air Force Base. 100,000 gallons of the fuel caused the blockage of a portion of Route 665.

Fertilizer Talk Rapped By Official

WASHINGTON (AP) — The head of a fertilizer trade association says it is "cruel and misleading" to suggest significant amounts of chemicals could be made available for food production if Americans would desist from feeding their lawns and golf courses.

Edwin M. Wheeler, president of The Fertilizer Institute, said only 3.5 per cent of all U.S. fertilizer is used for non-farm purposes.

"The amount of non-farm fertilizer used in the United States is very small compared to the amounts produced or used on farms in this country or, for that matter, needed by the developing nations," Wheeler said in a statement.

Speaking Of Your Health

by Lester L. Coleman, M.D.

In one of your columns you once warned housewives of the dangers of stapled food packages. Has anything been done about this? My daughter started to swallow a staple and by sheer luck was able to spit it up.

Mrs. J. E., Fla.

I don't know why so many food stores insist on stapling bags of food. Some may claim that this is the only way to prevent pilfering. Yet it seems that other methods might be used. When the bag is taken home, the staple can pop off and become embedded in bread, vegetables or other uncovered food items.

The danger of swallowing a metal staple is one that cannot be overlooked. Many cases of injury have been reported in children and adults. This preventable health hazard should be legally stopped. Until legislation makes it mandatory not to staple food packages, housewives must be the main force in demanding that such stapling be eliminated.

Do people with Parkinson's disease develop mental deterioration?

Mrs. G. N., Ohio

Dear Mrs. N.:

Letters To The Editor

EDITOR'S NOTE: While The Herald encourages open comments from its readers, the opinions expressed are not necessarily those of the management. Letters to the editor must be signed and should be of 300 words or less.

Dear Editor:

The true story can be told now — The Watergate Department exposed openly the sinister motives of a conspiracy, the political and constitutional crisis by the Watergate investigation.

There was a continuing attempt to cover up the specific criminal acts of individuals in the Nixon Administration. The disappearance of the pertinent parts of the White House tapes is clear proof of this fact.

However, the real cover up is the attempt to hide the scope of the conspiracy; the well-developed plan that was a foot to destroy constitutional government. We cannot speak about this threat in the past tense. The threat and the crisis remain a conspiracy centered in the Executive Branch. Step by step the presidency has assumed dictatorial powers. It has the authority to declare a state of emergency on the basis of any cooked-up provocation.

Under such a self-proclaimed state of emergency the President has 500 laws that give him dictatorial powers over almost all matters. Under such authority he has the power to seize property, make all the constitutional rights of the people null and void.

The Executive Branch has been usurping political power through the Presidency since Roosevelt. Each new crisis gave the President new powers, as is the case with the energy crisis today. This process has continued because monopoly capitalistics want a state structure they can directly control without the interference of the public.

Because their policies are illegal and anti-democratic, monopoly capitalistics wants a reliable instrument. They want a structure that is isolated and insulated by the self-proclaimed executive privileges. Nixon took the structure and gave it a new quality. He staffed it with "gestapo-minded," ultra-right personnel. Immediately after his inauguration, he ordered the drawing up of plans for a dictatorial takeover, including the possible cancellation of Presidential elections. Later, he began to implement the plans. What has been exposed at Watergate are the spinoffs of the real conspiracy, including the attempts to destroy even the two-party electoral system.

The danger is more serious. This conspiracy to destroy our constitutional government had at its disposal an unlimited fund involving hundreds of millions of dollars,

With Parkinson's disease, there often is a fixed facial expression. This mask appearance may, by its unresponsiveness, give the impression of some mental disturbance. This is false.

There does not seem to be any relationship between this illness and intellectual capacity.

After a big yawn I often dislocate my jaw. Is there any way of preventing this?

Mr. D. W., Okla.

Dear Mr. W.:

Dislocation of the jaw, with referred pain from the jaw joint to the ear, to the top of the head and down the neck, is a very common condition.

X-rays of the jaw joint and a highly technical evaluation of the bite, or occlusion of the teeth, is essential for correct diagnosis.

Specially trained dental surgeons have developed many fine techniques for the better understanding of the jaw joint and the muscles that surround it. Occasionally, it becomes necessary to use some form of corrective surgery to prevent repeated dislocations of the jaw.

provided by most of the big corporations across the board. Nixon, Agnew, Haldeman, Ehrlichman and Mitchell are all crooks, but they are also loyal sons of monopoly capitalistics. These developments must be seen in the context of the danger of a Hitler type of Fascism.

It would be an error to conclude that Fascism is here. But it would also be an error not to see the new fascist dangers, inherent in this situation. The destruction, the undermining of a constitutional government are steps to Fascism.

The conspiracy is not over. The Presidency still has the 500 emergency powers. Monopoly corporations and the Pentagon still staff the Executive Branch. Alexander Haig, an Army General; Fred Burghardt, the West Point Pentagon Counsel; John Bennett, a retired General — this was the new crew that ran the Presidency. The names change but not the nature of the inner junta. Monopoly capitalistics continue to give their blessings to what they call a strong Presidency, which is nothing more than a sugarcoated term for dictatorship of the Executive Branch. Nixon has lost the support of the people but he arrogantly hangs on because he has not lost the support of large sections of monopoly capitalistics.

It is true that some circles of monopoly capitalistics are beginning to question Nixon's usefulness because of the deep credibility gap. There are also other signs that some in big business are having second thoughts about the advisability, and even the feasibility, of Nixon's usefulness. The last to drop Nixon was the leadership of the Republican Party. As of the overall direction of this conspiracy, some have been shaken up by the widespread corruption and deceit. These sections are as yet small but significant fissures in the ranks of monopoly capitalistics. We must not forget; we must be fully awake to watch over our U.S. Constitution and a strong democratic form of government.

Criminal Cost Subsidy Disbursed

State auditor Joseph T. Ferguson announced the distribution of \$371.70 to Pickaway County in criminal costs subsidy. A total of \$149,068.79 was distributed to 61 county clerks of court throughout the state.

The state pays for the successful prosecution and imprisonment of indigent persons convicted of felony crimes under the criminal costs subsidy program. The money is appropriated by the legislature to the auditor's office for this purpose.

Free Care Determined By State

Berger Hospital will be required by the State Department of Health to provide free care equivalent to \$10,985 this year to persons unable to pay for services rendered. As a recipient of Hill-Burton funds, the local hospital was required to select a way in which to provide some type of service to the needy persons of the community.

Any hospital or medical facility which has received federal funds through the Hill-Burton construction assistance program is obligated to provide a reasonable amount of free care.

In 1964, Berger was a recipient of the funding program to build the maternity wing and will continue to offer the free care in the determined amount for the next ten years. The amount to be provided by Berger Hospital is equivalent to ten per cent of the amount of federal assistance received.

Several selections are offered to the facilities and each hospital selects the one best suited to the community it serves. John Reid, administrator at Berger, said it had been determined best for this community to help the truly indigent person by giving charity care in that amount.

Standards have been set to establish recipients of the care and Reid said the hospital strived to help the truly needy. He said some of the care was given through clinic work which is sponsored by the Child Service League.

Chief Operator Loves State Job

COLUMBUS, Ohio (AP) — Chris Shipley says she knows almost everyone in state government—or, at least, their voices and troubles.

She also knows the troubles of hundreds of other Ohioans.

It's all part of the job she's held for 10 years—chief operator of the state Lentrex board, which handles all calls to state and government offices and all their reports of telephone trouble.

"Officials call me 'Chris' or 'Big Mama,'" Mrs. Shipley said with a chuckle.

State officials, she said, call to report a phone out of order "sometimes because they've dropped it."

The general public calls to locate a state official or department, "often getting sidetracked and telling us problems about welfare or a husband who's left home."

"We've a busy job," she said. "We log 7,000 to 9,000 calls a day. We feel we're public relations for the state."

Mrs. Shipley and seven other women operate the Lentrex board, set up 10 years ago.

"Sometimes you just have to listen because it's obvious the caller is upset

and just wants to tell someone his troubles," said Mrs. Shipley.

"Sometimes the caller is mad and you have to calm him down. I handle all abusive calls and, usually, when I say 'chief operator' the caller melts."

The job demands a lot of knowledge. "You have to have a good knowledge of state government and you almost have to be an attorney to figure out what people want," she said.

"Sometimes they'll say they want a department on East Town Street and you have to figure out where that is. It's a big headache keeping up with the moves."

"People call in and want the floors people are on in the new State Office

Tower. And, people aren't sure of departments or can't pronounce names.

"They want the fiscal department and ask for physical. They want a woman whose first name is Adele—and then they ask for Add-all."

The many political calls are given to press secretaries. "Lately a lot of people have been calling wanting to know who to talk to to protest phone rate increases," Mrs. Shipley said.

Quite obviously Mrs. Shipley loves her job. "What we do for the public and state government is important to me," she said.

"Two years ago we had a leak in the roof and the floor was flooded. We had one board open and I waded in knee-deep water in the basement. We kept things running."

Dear Abby:

By Abigail Van Buren

14 Years Later, And Still Paying

DEAR ABBY: My husband has too much pride to ask his former wife to relinquish her alimony payments. We've discussed it and he is also opposed to taking the matter to court.

Based on the following facts, do you think my husband should continue paying alimony?

1. She received all the equity in a home, paid-up car, and all the furnishings as part of the original settlement.

2. Their children are now married, and financially independent.

3. His ex-wife is now in her forties, is employed full time, and earns a better than average income.

4. He has paid alimony promptly for 14 years. I would appreciate your thinking.

SECOND WIFE

DEAR SEC: You've stated that you have discussed the matter with your husband, and he's content to keep the status quo, so my thinking is not likely to influence him.

Alimony has been appropriately called, "the high cost of leaving." Perhaps unconsciously your husband feels that it's not too high a price to pay for what he bought.

DEAR ABBY: For the last eight years I have been "engaged" to a married man. I know you've heard this story a thousand times, but he says we will be married as soon as he can get a divorce. Lately I am beginning to wonder.

He is 42 and I am 29. When I met him he said he was separated from his wife. Later on he said he was trying for a divorce but she was contesting it.

He claims he lives like a gypsy, staying with one relative after another, and sometimes with friends. I have never had a phone number where he can be reached in case of emergency. And no address either.

He owns his own business and has given me some expensive gifts, but I want to get married and live a normal life. I used to tell my family and friends that I was too young to get married, but at 29, that's a ridiculous excuse.

How do you figure this, Abby? Am I just a slow learner? I promise to take any advice you give me. Please, help me.

TIRED OF WAITING

DEAR TIRED: I think you've been used. Don't waste any more of your valuable time on him, dear. Quietly relocate, and make sure he doesn't have your phone number or address. DEAR ABBY: Our daughter is a lovely, 24 year-old, college-educated woman who is in love with a man who absolutely does not believe in marriage.

They have been living together for three years, and now they want to start a family. We are heartsick and don't know what to do.

He has no family, but we have. My parents would suffer even more than we if they knew that their beloved grandchild (my daughter) had a child out of wedlock. Should we say they were secretly married, and try to carry it off, or forget it?

We have no one to ask advice from as we are too ashamed to have anyone know.

HEARTSICK

DEAR HEARTSICK: You are not responsible for the decisions of your 24-year-old daughter, so hold up your heads and get over the idea that you have something about which to be ashamed. Do not lie to your parents or anyone else. It may ease your burden to know that you have plenty of company.

CONFIDENTIAL TO "IN DEEP IN HIGHLAND PARK, ILL.": There are exceptions, but a good rule to follow is: Don't lend money to a person who owes you money unless he has made an honest effort to pay at least part of what he owes you.

Laurelville News

Mr. and Mrs. Dan DeLong Jr. and son Brian were pleasantly surprised recently when members of the faculty of Logan Elm School dropped in to spend the evening and presented them with a house warming gift. Dan is a teacher at L.E.

Mr. and Mrs. C. B. Chilcote accompanied Miss Margaret Chilcote to Columbus Monday evening to visit their son Don Chilcote in Mt. Carmel Hospital. He underwent knee surgery last Friday.

Mr. and Mrs. C. D. Hinton and Mr. and Mrs. Earl Swackhammer were in the group of township trustees and clerks who enjoyed a weeks trip to the Bahamas. They returned home last Friday.

Mr. and Mrs. Homer Hartsaugh and Mr. and Mrs. Rudolph Ebert were Saturday dinner guests of Kathleen Smith and Creighton Leist of Circleville.

Mrs. Grace Anderson of Circleville visited Sunday afternoon with Mrs. Zola Flanigan.

The annual roast turkey supper served by United Methodist Women Society was well attended on Saturday eve.

Mr. and Mrs. John Downs visited with Mr. and Mrs. Hugh Poling and son Michael on Saturday evening.

Energy Eyed In Building Code

COLUMBUS, Ohio (AP) — The State Board of Building Standards, impressed by the energy savings made possible by special planning, may write a conservation chapter into the Ohio Building Code.

Such a chapter may be the first of its kind in the nation, said Hershel D. Davidson, executive secretary of the 11-member agency.

The proposed energy conservation code would try to force designers throughout the state to make the most efficient use of energy—something that could have been done years ago had the motivation existed as it now does.

Davidson said the proposal fits in with the state's plans to set mandatory allocations of fuel and other types of energy for all new buildings the state erects.

The board now is at work on revisions in the building code which sets statewide minimum standards for all buildings except conventionally built one, two and three-family dwellings and agricultural structures.

One, two and three-family dwellings are covered by local ordinances. No building standards cover agricultural buildings except those used for retail sales, Davidson said.

Ohio's building code hasn't been substantially changed in a half century and Davidson said hearings recently begun "will help give it a new format."

The hearings and drafting the new code may take about a year, he said.

Davidson said the board is seeking testimony from the general public, building code enforcement officials and the construction industry along

with the technical community.

There will be one final public hearing before the revamped code is filed with the secretary of state. The law requires it, Davidson said.

In the energy conservation section of the code, Davidson envisions Ohio coming up with "a national model... under which builders' plans would have to show energy usage in conformity with the code before a building permit could be issued."

"We're doing this because there is a real energy crisis," said Davidson.

"We're not talking about gasoline shortages now. We're talking about the energy that can be derived from our environment and how to use it wisely, conservatively."

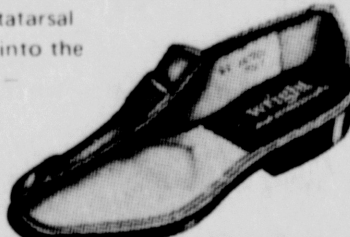

Davidson said the conservation proposal was an outgrowth of the Ohio Energy Coordinating Council named by Gov. John J. Gilligan in 1973.

The proposed conservation section, Davidson said, has the blessing of the American Society of Heating, Refrigerating and Air Conditioning Engineers.

We shape your shoe
the way God shaped your foot.

Into the insole of every Wright Arch Preserver shoe they build a special little bump that fits right into the hollow of your foot. That little bump makes Wright's different from — and for most men probably more comfortable than — any other shoe in the world.

With the famous metatarsal bump that fits right into the hollow of your foot — positions your arch where it ought to be — and brings a comfortable smile to your face.

By MRS. FRANCIS FURNISS

Sixteen members of the Monrovia Garden Club and their guests enjoyed a bus trip to Wheeling, West Va., last Tuesday. They visited several places of interest including the Imperial Glass factory at Bellaire, the Oglebay Park at Wheeling and had luncheon at Wilson Lodge.

Those enjoying the day were Joyce Kern, Ernestine Lewis, Opal Towler, Fran Follrod, Maxine Brigner, Marie Ankrom, Yvette Beckett, Josephine Obert, Peg Chapin, Ruth Waller, Matilda Beavers, Elvina Poulson, Marie Hott, Anna Thomas, Hazel Hudson, Emma McGee, Pauline Savey, Ruby Smith, Martha Huston, Carolyn Sheets, Ruth O'Day, Vonna Rasor, Laura Henry, Libby Rodgers, Blodwin Gantz, Mary Frim, Jennie Huffman, Linda Walker, Dessie Spangler, Norabelle DePugh, Christina Neff, Mary Peters, Nelle Oesterle, Martha Brinker, Saralie Grabill, Laura Long, Ruth Neff, Irene Knox and Betty Long.

Mr. and Mrs. Francis Furniss and Miss Laura Long were Wednesday afternoon guests of Mr. and Mrs. John Long of near East Ringgold.

The Five Points United Methodist Social Hour Club met Thursday evening in the basement of the church for the October meeting. A lovely covered dish supper preceded the meeting. For the program Laura Long read scripture from Hebrews followed by meditations.

Ethel Furniss called the roll and read the minutes of the last meeting. Margaret Finch, treasurer, gave the financial report and Mr. and Mrs. Ivor Douglas and Clarence Finch paid their birthday dues.

A "Thank You" note was read from Isabelle Phillips and cards of cheer were signed to be sent to Thomas Longberry, Mary Brigner and Jean Sheets. Ellen Dennis read, "On Halloween Eve", Edna McPherson read, "Some call it October Mist" and Laura Long read, "If We Only Knew". Ethel Furniss read "If" by Rudyard Kipling and Cassia Douglas read, "Autumn in the Country" and Mr. Douglas read, "Winter—Straight Ahead" to close the program. Mr. and Mrs. Clyde Michel will be hosts to the November meeting.

Mr. and Mrs. Allen Stapleton, Dennis Road, were dinner guests of Mr. and Mrs. Andy Stapleton at the Swedish House in Columbus, Oct. 27. The occasion celebrated Mr. and Mrs. Allen Stapleton's first wedding anniversary. Mr. and Mrs. Frank Newmiller were also guests.

Women's Right Given Push

COLUMBUS, Ohio (AP) — Women comprise a majority of the population. But they're a minority of the work force and a much, much smaller minority of management.

That bothers the Ohio Civil Rights Commission, charged with enforcing state antidiscrimination laws. It also handles most federal discrimination complaints. They think it's more than coincidence.

Mrs. Marion R. Sweeney, civil rights commissioner, said only 9 per cent—or 58,000—of the nation's doctors and dentists are women. But 96 per cent of all nurses and dietitians—or 879,000—are

Electric, Phone Firms Want Hikes

CLEVELAND, Ohio (AP)— The Cleveland Electric Illuminating Co. has asked for a 26 per cent rate increase, and the Ohio Bell Telephone Co. is expected to ask for an even bigger hike.

An Ohio Bell official disclosed last month that the telephone company would ask for a 33 per cent boost in rates, and that announcement is expected soon.

In making its increase request, the Illuminating Co. told the Public Utilities Commission of Ohio Wednesday if it could get "prompt rate relief" to the tune of 11 per cent it might not need the full 26 per cent by 1976.

A CEI spokesman said the company needs \$120 million for construction early next year but that "substantial interest charges" could be saved with a quick 11 per cent increase.

That would raise about \$51 million in additional capital, the spokesman said.

He said an 11 per cent increase would mean an average of eight cents more per day on the average customer's bills.

A 26 per cent increase would hike the average bill 18 cents a day, he said.

women.

"Women have the aptitude and proven ability to be nurses, but are denied the opportunity to take the next step and become doctors," she said in a recent speech.

Women comprise 88 per cent of all bank tellers, but only 19 per cent of bank financial officers.

They comprise 70 per cent of teachers, but only 28 per cent of the college level teaching force.

There are 5.03 million women secretaries, receptionists, typists, office machine operators and file clerks, but only 132,000 women are officer managers.

"Even in the work categories in which women dominate, they are not in positions of authority," Mrs. Sweeney said. "These differences can not have occurred by chance."

Yet women are not casual workers, she said. Almost one million Ohio families rely on a woman's income to stay above the poverty level.

"The majority of women in the work force today are not there biding their time either awaiting death or marriage," she said. "They are there out of necessity. And for this reason, industry must reevaluate its policies toward women."

She said some employers mistakenly believe they don't have to worry about sex discrimination because the Equal Rights Amendment has not been ratified.

But, the federal Civil Rights Act of 1964, which applies to many employers, includes sections on sex discrimination, she said. And an Ohio law effective last Dec. 19 specifically forbids sex discrimination.

Of 3,866 complaints of bias filed with the commission during the last year, about 30 per cent charged sex discrimination, she said. There were 187 sex bias complaints in June alone.

And the commission is doing more than investigating complaints, she said. Investigatory teams are now looking at employers with a low proportion of women in management to see if it's just accidental, and they're not waiting for complaints.

"Many have not shared in our country's economic and social progress," she said. "As we approach the 200th anniversary of this nation.... Common Pleas Court Report Released

William Ammer, judge of the Pickaway County Common Pleas Court, released the monthly report today on the court's activities for the month of October. During the month, the court filed a total of 96 new cases and terminated 106 cases.

At the beginning of October, there were 293 cases pending and 283 left pending at the end of the month.

Of those cases, eight during the recording period, filed were personal injuries; 53 were criminal cases which were brought before the court by Richard Gerhardt, prosecuting attorney; 24 were domestic relations; 11 fell into the "others" category.

Cases were terminated as follows: seven by court trial; nine by pre-trial; 48 by dismissal; 27 by default and two by transfer to another court or judge.

There were no jury trials during the month and the majority of the finished cases were domestic relation actions which includes divorces. A total of 33 criminal cases and 12 personal injury cases were terminated.

The majority of the cases left pending at the end of the month also fell into the domestic relation category, 118. Seventy-one criminal cases, 59 personal injuries and 34 others are left on the docket.

By THE ASSOCIATED PRESS

Fair weather was forecast to return to Ohio today and continue through the weekend, following the rain and drizzle that hung over the state Tuesday and Wednesday.

Light rain continued to fall in parts of eastern Ohio overnight, but skies began clearing over western counties.

A high pressure area centered over Missouri this morning is responsible for the return of fair skies. The high is forecast to move to West Virginia by early Friday, then continue eastward, bringing warmer weather late Friday and on Saturday.

Lows at dawn today were generally in the 30s and low 40s. The cool spot in the state was Toledo Express Airport with 33 degrees.

Readings this afternoon were forecast in the upper 40s and low 50s and lows tonight are expected to dip to the low 30s. Sunny skies Friday should push temperatures into the 50s and possibly the low 60s.

Sneek-A-Peek

AT BOOKS IN THE CHILDREN'S LIBRARY

Do the men in your life watch every available football program on television? How about letting the kids find out more about professional football, too?

For the first time there are books on individual teams for the very young readers. This series is entitled "The Super Bowl Champions" and includes books on many of the great teams. "The New York Jets", "The Dallas Cowboys", and "The Miami Dolphins" are among the titles. Others are "The Green Bay Packers" and "The Baltimore Colts." New photographs of the teams and players are included as well as team records up to 1973.

Boys who find wheels exciting will eagerly read the latest books on motorcycles and fast cars. The "Ready, Set, Go" series have a wide variety of books on this field. Designed to interest the earliest reader is "Fast, Faster, Fastest." From the littlest to the biggest, the slowest to the fastest; it has photographs of sports vehicles of every size and shape. "Soap Box Racing" has captured boys doing what all boys would like to do: they are shown building and racing their very own cars.

There are also two new easy readers for the motorcycling enthusiast. The authors of this "Sports Action" series have written over seventy books for youngsters and have contributed much in the area of education as former teachers. "Motorcycle Mutt" is a story of a racer who has trained his dog to ride along during races. The photographs show a dog happy to be

with his master while he competes for trophies. "Motorcycle Mania" describes the equipment any motorcyclist needs in terms a second grader can understand. The authors, the Radlauer have dogs and motorcycles of their own.

If sports are not your child's interest, he might go for other books of daring. "Space Age Fire Fighters" is concerned with all the new equipment to firemen as a result of space technology. There are several dramatic shots of firemen on top of snorkel units and in other hazardous situations.

Books on cars cover their history, styling and speed potential. One large color book is titled simply "Cars." It has beautifully detailed drawings of early and modern cars and includes diagrams of engines, including the new wankel design. There are even hints on designing your own car out of balsa wood.

"Auto Racing" by Charles Coombs outlines differences between stock cars and sports cars and describes professional racing competition in the U.S. and Europe. Clearly written, it is within the grasp of any elementary school reader. Mothers might want to check out the vocabulary and pick up some new information. There are many car racing books which do an excellent job of defining technical concepts.

Do consider the new titles in the sports field; there are some exciting things written for youngsters these days.

Milk Production Continues To Drop

WASHINGTON (AP) — The nation's milk production, the lowest this year since 1948, probably will continue to drop well into 1975 because of soaring feed costs facing hardpressed dairy farmers, says the Agriculture Department.

Officials said 1974 milk output is forecast at 114.5 billion pounds, down about 1 per cent from last year. Earlier, USDA predicted a decline of about 1.5 per cent.

The slight improvement was due primarily to a slowdown in cow herd culling, an increased availability of corn silage and generally favorable pasture conditions this fall, the department's Outlook and Situation Board said Wednesday.

"However, this kind of gain seems temporary," the report said. "High feed costs in coming months will likely cause dairy farmers to cut back on grain and concentrates feeding, thus limiting output per cow during the current barn-feeding season."

Cyclists Held In Slaying

HAMILTON, Ohio (AP) — Three members of a motorcycle club are being held and one has been charged with aggravated murder in connection with the torch-slaying of a Hamilton man Wednesday.

The body of Michael Wayne Settles, 18, a self-employed siding installer, was still burning when police arrived on a rural road in suburban Fairfield Township.

Sheriff Harold Carpenter said the victim had been in a fight Friday and was scheduled to appear in court Wednesday on disorderly conduct charges.

Police charged Curtis Cash, 25, in the slaying. Two other members of the Iron Horsemen Motorcycle Club were held for questioning.

Carpenter said the victim had been shot three times and was dead when dropped from a car. The body was set on fire afterward, he said.

C&SOE Asks Rate Boosts

COLUMBUS, Ohio (AP)—The Columbus and Southern Ohio Electric Co. has asked the state to approve rate hikes averaging 25 per cent for customers whose rates are not set by city or village ordinance.

The company filed the request with the Public Utilities Commission of Ohio on Wednesday. The PUCO must approve the hike before it would take effect.

The utility said about 37 per cent of its customers would be affected.

The application asks for rate increases totaling \$26.5 million.

The proposal also includes higher rates for higher consumption in the summer months, the period of peak demand.

The company said it needs the money to cover increased operating expenses and to promote capital financing.

Mr. and Mrs. Leo Wiget bought the building known to most Kingstonians as 'Mowery's Drug Store', redecorated it and are now in the process of moving their L & W Variety into its new home.

Sunday visitors of Mrs. Lucille Moore were Mr. and Mrs. Charles Jack, their daughter, Mrs. Beverly Huffman and two children, of Columbus.

Monday visitors of Mrs. Thomas Manning were her sister, Mrs. David Sprague and sons, David and Doug of Wellston.

Former Blackwater Road residents, Mr. and Mrs. James Humphrey of Columbus, are back home after spending a few days with their son, SP-5 Ronald Mullins and his wife (the former Melinda McKnight) and two children in Clarksville, Tenn.

Mrs. Kenneth Arnold entertained with a surprise birthday party for her husband, Saturday night. Guests were Mr. and Mrs. William Carmean, Mr. and Mrs. Don Mallow, Mr. and Mrs. David Kelley, Nicholas Kelley, Mr. and Mrs. Frank Higley, Mr. and Mrs. Tim Hartsock, Mr. and Mrs. Bob Arnold, Mr. and Mrs. Bill Arnold, Mr. and Mrs. Larry Arnold and Mr. and Mrs. Paul Arnold. Mrs. Arnold served a buffet supper and the guest of honor received gifts.

Five generations were represented when Mr. and Mrs. Kenneth Moss, their son and daughter-in-law, Mr. and Mrs. Harold Moss and family, including their son, Brian and wife and two children, arrived at the home of Mrs. Moss' father, David Travis, in Beaver Sunday for a carry-in dinner.

Mrs. Leslie Dearth spent a few days last week at the home of her son-in-law and daughter, Dr. and Mrs. James McMullin in Wilmington. On Saturday, Mr. and Mrs. Harold Dickerschied and children of Columbus were visiting her mother.

Mr. and Mrs. David Adams and son, Chad of Ft. Knox, Ky., were weekend guests of her grandparents Mr. and

Mrs. Rufus Kerns, and visited their parents, Mr. and Mrs. Paul Kerns and the Reverend and Mrs. Clyde Adams.

Little Miss Tammy Downing of Circleville was a Monday overnight guest of her grandparents, Mr. and Mrs. Leo Wiget.

Mr. and Mrs. Mike Hosler and children, Shannon, Dan and Marcia of Portsmouth were visiting her parents, Mr. and Mrs. Ernest Pennington on Saturday. Sunday visitors were Mr. and Mrs. John Kibler of Columbus. Mr. and Mrs. Pennington observed their 33rd wedding anniversary on Tuesday. Mr. Pennington is recuperating from injuries suffered in a fall from a ladder in September.

Mr. and Mrs. Tony Tarter and son Tony were weekend guests of his parents, Mr. and Mrs. Francis Tarter at their home in Bridgetown.

The meeting of the Ladies Auxiliary of the Kingston American Legion was conducted by the president, after being opened in due form.

Rehabilitation and child welfare assessments were discussed and departmental news announced. A letter of appreciation was read from Mrs. Annalou Immell with regard to the charter observances recently and a thank you note from Mrs. Harry Walsh for money supplied by Unit 291 for Canteen Books for the Veterans Hospital. After the president read a list of 'don'ts' regarding the display of the Flag, plans were made for the annual Christmas meeting that will feature a covered dish dinner, exchange of one dollar gifts and dirty bingo.

Mrs. Tom Snyder and Mrs. Tony Tarter gave a Halloween party for Cub Scouts for which they are Den Mothers. The boys all came in costume and masked and enjoyed games including darts and apple bobbing.

Over the past few meetings of the junior and senior Methodist Youth Fellowship, the young people have attended the Salem Song Fest, had a Halloween party, elected officers and planned a hayride.

Senior MYF members will meet at the church at 6:30 p.m. Friday for the hayride. They each are allowed to bring one guest. Each member is to bring hot dogs, buns and a soft drink for both himself and his guest.

On Sunday, both the junior and senior groups will meet at 2:30 p.m. at the Kingston Church from which they will depart for the Bethel Church for the weekend revival. Barry Bennett and the PTL's, our own Methodist singers, will be there to sing with Dave and Sherrie Tenor and Jeannie Bennett.

In the election of officers, the junior high officers are: Tracy Gahn, president; Mike Mallow, vice-president; Roddy Jackson, secretary-treasurer. Senior high officers are: Tereasa Hill president; Mark Jones, vice-president; Julie Wright, secretary-treasurer.

The group extends its appreciation to all the parents and friends for their continued support. There are now 35-40 youngsters in the program who are present each week.

Immigrant Finds U.S. Not Starving

LOCUST, N.J. (AP) — Simas Kudirka came to the United States expecting to find his new country wracked by starvation.

That was what propaganda in the Soviet Union told him to expect, the 44-year-old Lithuanian seaman who was freed from a treason sentence said Wednesday, his first full day in the United States.

He said he wanted some firsthand information, so he went shopping to see if there was a shortage of food and to find out whether the quality of food in this country was poor.

"That certainly is not the case," said Kudirka, whose Soviet prison diet was such that his teeth began to rot.

Soviet propaganda depicts the United States as gripped by massive unemployment and starvation and its workers as under the thumb of factory supervisors "who want to squeeze out the last bit of blood from workers for their personal gains and who, with automation ... want to get rid of workers," Kudirka said.

He attempted to escape to the United States four years ago only to be returned to the Soviets by the Coast Guard. He was declared a U.S. citizen

while in a Soviet prison.

He is temporarily staying with one of the families who worked for his release to the United States. Kudirka, his wife, two children and mother arrived Tuesday from Moscow.

Still groping with adjustment, he said he has to "find out what I'm going to do for a job, what my wife is going to do for a job, about school for my children and where we are going to live."

Kudirka said in an interview conducted through an interpreter that the Russians were stopped twice from killing him when he attempted to escape to the United States by boarding a U.S. Coast Guard cutter from his Soviet fishing trawler anchored off the Massachusetts coast and asking for asylum.

When the Russians were permitted by the cutter's captain to come aboard and arrest him, they tried "to hang me with a telephone wire (electric cable) and a Coast Guardsman stopped them by separating them and trying to get them to stop it."

"After I was back on the Russian ship, they tried to kill me until someone screamed that they had to stop because I had to be brought back," Kudirka said.

He said he was shipped back to his port in Lithuania on another boat in a room used for sailors who go insane at sea.

Kudirka said he was convicted for treason and sent to prison for a 10-year term.

He was declared a U.S. citizen two months after the State Department gave the same status to his Brooklyn-born mother, who was taken to Lithuania by her parents before World War II.

Celeste Ponders Future In Office

COLUMBUS, Ohio (AP) — Ohio's lieutenant governor-elect, Democrat Richard F. Celeste of Cleveland, promises to "turn the job around" and make it into "an active part of a leadership team with the governor."

Celeste, 36, defeated five-term incumbent GOP Lt. Gov. John W. Brown.

The tall, modish-haired Cleveland—an occasional tennis player and avid reader of books—said he plans to spend "no more than two terms" in the lieutenant governor's office, if he stays there that long.

He doesn't regard it as a position to hold for 16 years—as his Republican predecessor did, and will seek to make it "a full-time job." Celeste will get a salary of \$30,000—up from \$17,000 Brown had been making before a raise went into effect.

The lieutenant governor-elect, for the past four years a member of the Ohio House, said he has not discussed specifics of his anticipated role with the governor. He has no immediate plans, he said, to expand the staff or resources available to the office.

Celeste said he would be anxious to pursue any task assigned him by the governor. His only statutory function is to act as the presiding officer of the Ohio Senate.

"I want to reorient the office," he said, "to make it a lot more than that, to make into an active part of a leadership team with the governor."

He said he favors changing the constitution to require that the governor and lieutenant governor be elected as a team, rather than have them run separately. He also favors enactment of new laws that would spell out more duties for the office, he said.

Celeste's father was mayor of Lakewood about the time he went to

Yale University to study history. He later was a Peace Corps staff member and aide to the U.S. ambassador to India before entering state politics.

Celeste served as majority whip of the Ohio House the past two years, carrying key legislative proposals of the Democratic administration. It was Gov. John J. Gilligan who endorsed him in a crowd of primary election candidates, giving him an invaluable boost to what could be greater things for the youthful Celeste later on.

Juvenile Court Files 109 Cases

A total of 109 cases were filed during October in Pickaway County Juvenile Court. At the beginning of the month, 87 cases were pending and during the month 80 were terminated bringing the total number of pending cases to 116 at the end of October.

Eight delinquency cases were terminated in October along with 20 cases involving unruly children, five dependent neglected children and 35 traffic cases. Five adults appeared on charges involving minors.

Judge Guy G. Cline placed 10 males, three females and one adult on probation during the month and dismissed 11 cases.

Warren Leads Computer Poll

COLUMBUS, Ohio (AP)— Warren Western Reserve, the 1972 state playoff champion, has vaulted back into a Class AAA regional lead this week in the Ohio High School Athletic Association's computerized football ratings.

Western Reserve, with 127.19 points, took over the top spot in Region 1 from Warren Harding, last week's pacesetter. Harding is a close second with 126.87 points.

The OHSAA uses the ratings to select its semifinalists in all three classes for the postseason playoffs beginning next week. The final rankings will be released Monday morning.

The other Class AAA leaders were the same as last week, Upper Arlington in Region 2, Canton McKinley in Region 3 and Cincinnati Mariemont in Region 4.

The biggest shakeup this week came in Class AA where three of the four front-runners were new. Only Shelby in Region 6 kept its Class AA lead.

The new Class AA leaders were Akron St. Vincent-St. Mary in Region 5, Shelby in Region 6 and Cincinnati Mariemont in Region 7.

In Class A, Windham in Region 9, Fremont St. Joseph in Region 10, Newark Catholic in Region 11 and Middletown Fenwick in Region 12, preserved their leads. Fenwick is the defending Class A playoff king.

Boston Celtics Top Portland, 128-110

By THE ASSOCIATED PRESS
John Havlicek's light touch and Jim Ard's heavy muscle combined to knock out the Portland Trail Blazers Wednesday night.

Havlicek scored a basketful of points and Ard kept Bill Walton from doing the same as the Boston Celtics took a 128-110 National Basketball Association victory.

"Walton just wasn't playing well," said Portland Coach Lenny Wilkens, pointing out why he pulled his prize rookie from the game with seven minutes left.

The star of UCLA's powerhouse last year, Walton had less than a powerhouse performance against the irrepressible Ard. He only scored 12 points and had 11 rebounds.

Elliott Eyes 100 Yards For Bengals

CINCINNATI, Ohio (AP) — Cincinnati Bengals reserve running back Lenvil Elliott believes that "I'm capable of gaining 100 yards in a ballgame, given the proper breaks."

"It's a goal I have but not a selfish one," said Elliott, in his third year as a pro, "it would be a thing for the team."

Elliott, who has the second best record of the Cincinnati running backs this season, will be in uniform for the first time against the Pittsburgh Steelers here this Sunday.

Elliott has gained 252 yards in 45 carries for an average of 5.6 yards per try and two touchdowns, one from a pass.

Boobie Clark, although averaging only 3.9 yards, has gained 312 yards in 99 attempts. He is out indefinitely with a broken arm suffered last week in the 24-14 triumph over Baltimore.

Doug Dressler has been slated to replace Clark here Sunday.

"Really," said Elliott, after viewing the Steelers game films, "they more or less manhandled every other team they played outside of Oakland. It's going to be a heck of a challenge to hold them out to let (quarterback) Ken Anderson throw deep."

Elliott, one of two regulars who played running back in college — Clark and Dressler were tight ends — is concerned about the Bengals poor running game this season. The other is ailing Essex Johnson.

Henry Finkel helped Ard bottle up Walton while Havlicek went wild. The veteran star scored 40 points.

In the other NBA games, the Cleveland Cavaliers tripped the Washington Capitals 107-99; the Detroit Pistons stopped the Kansas City-Omaha Kings 118-104; the Philadelphia 76ers ripped the Chicago Bulls 105-90 and the Buffalo Braves smashed the New Orleans Jazz 110-98.

Jo Jo White had 21 points and Paul Westphal wound up with 14 for the Celtics. Sidney Wicks led Portland with 24 points, and John Johnson had 18. Geoff Petrie had 17.

Bobby Smith scored a careerhigh 41 points to lead Cleveland over Washington. Smith, a sixyear veteran, connected on 17 of 24 shots and made all seven of his free throws to top his previous high by four points.

Cleveland bolted to a 41-18 lead early in the second quarter and then held off the Bullets, leaders of the Central Division, for their sixth victory in seven games.

Wes Unseld led the Bullets with 21 points and 13 rebounds. Elvin Hayes added 16 points and 14 rebounds.

Dave Bing scored 30 points and Bob Lanier added 27 to power Detroit past Kansas City-Omaha.

The Pistons built a 64-48 halftime lead and coasted the rest of the way, pushing their lead to 93-67 at one point.

Jimmy Walker and Nate Williams each had 17 for the Kings.

Detroit forward Chris Ford added 16 points and a career high of nine assists.

Spartans' Defense Key To OSU Game

CHICAGO (AP) — Michigan State's chances of upsetting top-ranked Ohio State Saturday rest mainly on the strong Spartan defense, statistically speaking. Ohio State, sharing the Big Ten football lead with Michigan at 5-0, far outstrips Michigan State—and the rest of the Conference—on the attack with eye-filling performances in rushing, total offense and scoring.

League statistics this week show the Buckeyes have averaged 400 yards rushing, 538.6 in total offense and 47.8 points per Conference contest.

Michigan State (3-1-1) is third in scoring with 25.6 points, slightly shaded by Michigan's 27.8, but the Spartans trail last in total offense with a 291.4-yard average, and seventh in rushing with 196.6.

SCOL-Metro Winners Collide Friday

Circleville, champions of the South Central Ohio League, must wait until Friday to see if they will share the league crown with Miami Trace.

But the Tigers won't sit back as they will be playing Hamilton Twp., one of the best teams in the Central Ohio area and Metro League champions.

Coach Larry Cook's Tigers clinched the league title a week ago with a convincing 49-6 win over Hillsboro. Circleville finished league play with a 5-1 mark, but Miami Trace, 4-1 in the loop, must play Unioto Friday in their final game.

A Panther win would create co-champions in the league.

In 41 seasons in the SCOL, Circleville has won the title outright eight times and been co-champions twice. Miami Trace, playing in 13 seasons, have never shared a championship but have been champions once.

Washington C.H. were last year's champions with a 6-0 record. Circleville finished 3-3 in the league and 5-5 overall.

After a shaky start, Circleville gained the championship in convincing style.

The Tigers had a 2-1 non-league record going into the first SCOL game where they were stunned by Greenfield 6-0 on an interception return.

However, the Tigers served notice to the league with a 28-12 win over a strong Wilmington team the following week and then outpointed Miami Trace 14-12 in probably their most important game.

The Tigers were awesome following that game, ripping Unioto and Washington C. H. by identical 35-0 counts and Hillsboro last week 49-6.

In the six league games, Circleville's offense has scored 161 points and rolled for 2,051 total yards, including 1,821 on the ground, for an average of 303 a game.

Junior tailback Biff Bumgarner has 979 of the league yardage in 139 carries. He has almost 400 more yards than Wilmington's Jackie Watson, who

Harold Eggleton treated 55 members and seven staff members of the football team to a chicken dinner at Famous Recipe Restaurant after Circleville won the SCOL title Friday.

He was given a plaque recognizing him as one of the Tigers' most loyal supporters.

Players of the Week for the Hillsboro game are Perry Hoskins, offensive back; Scott Bowman, offensive lineman; Alan Underwood, defensive back; Art Davis, defensive lineman; Phil Roll, specialty team; and Roger Halley and Frank Plescia, practice.

Detroit Red Wings Tie Canadiens, 4-4

By THE ASSOCIATED PRESS
Don't tell the Detroit Red Wings that old sports axiom that a tie is like kissing your sister.

"When you're down 2-0 in the first period against Montreal and get a tie, it's like a win," said Detroit Coach Alex Delvecchio, whose Red Wings wound up in a 4-4 tie with the Canadiens.

In other National Hockey League games Wednesday, the New York Rangers defeated California 7-3, Atlanta edged the New York Islanders 2-1, Buffalo stopped Chicago 6-4 and Toronto downed Minnesota 7-4.

Four Vikes Gain Metro Team Posts

Four Teays Valley Viking seniors have been named to the Metro League All-Star football squad and three others were given honorable mention honors.

On the first team are Steve Williams, an end; Bill Hurley, middle guard and fullback; Mike Reed, tackle and linebacker; and Lee Stiles, a tackle and end.

Honorable mention selections are Chuck Glitt, quarterback; Bill Breon, fullback and linebacker; and Keith Pettibone, guard and end.

League champs Hamilton Twp. placed six men on the first team, and Franklin Heights, Olentangy, and Dublin had four first-team choices. West Jefferson landed two first team picks and Marysville and Grandview had one each.

Football Tickets

Tickets for the Circleville-Hamilton Twp. football game Friday are being sold at Risch and Bingham Drugs.

Your Horoscope

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FOR FRIDAY

ARIES (Mar. 21 to Apr. 20): Avoid any urge to take foolish chances, but do not be so hesitant that you lose a golden opportunity. Foresight needed.

TAURUS (Apr. 21 to May 21): If you missed the mark somewhere, review causes and effects. A change in methods and reasoning may be necessary. A new day for achievement and a new way is before you.

GEMINI (May 22 to June 21): Study reasons for existing limitations. Concentrate on significant issues without neglecting minor items. A good period for tackling jobs that require patience.

CANCER (June 22 to July 23): Especially favored now: educational pursuits, travel, research. Achievement is possible in out-of-the-ordinary ways and places.

LEO (July 24 to Aug. 23): A day in which to make new starts — in new directions; to lead rather than to follow. Stellar influences favor all pioneering efforts.

VIRGO (Aug. 24 to Sept. 23): Do not yield to indifference, nor lose confidence in a matter which seems stymied. Strengthen your hand with facts, your faith with courage.

LIBRA (Sept. 24 to Oct. 23): A conflict between business and personal affairs may bring on some tension. You can counter by isolating the essential and getting it out of the way.

SCORPIO (Oct. 24 to Nov. 23): Keep emotions under stern control. Any tendency to "fly off the handle" could result in serious misunderstandings.

SAGITTARIUS (Nov. 23 to Dec. 21): Curb an inclination to take on more than you can reasonably handle. You will only scatter energies and accomplish less in the long run.

CAPRICORN (Dec. 22 to Jan. 20): A better day for your interests than you may realize. Waste no time getting started, but don't drive through, indifferent to the reactions of others.

AQUARIUS (Jan. 21 to Feb. 19): A notable day for presenting new ideas; also old ones carefully treated to get the most good still left in them. Your talents should shine now.

PISCES (Feb. 20 to Mar. 20): An inner voice may rebel against intended action. Listen! As the old saying goes: when in doubt, don't.

YOU BORN TODAY are an extremely ambitious individual, endowed with an outstanding gift of leadership. If a man, you may join the armed forces, where you would make a commander extraordinary. You could also shine as a captain of industry or as a leader of state. The stage may attract you and, if so, your outgoing personality, coupled with your fine sense of drama, could help you to scale the heights in brilliant fashion. Your financial acumen is remarkable and this fact, teamed with your tremendous ambition, should bring you a considerable amount of material success. Birthdate of: Katharine Hepburn, stage and film star; Patti Page, singer.

College Bowl Berths Pondered

By **BOB GREENE**
AP Sports Writer

Ohio State, Oklahoma and Michigan are ranked first, second and fourth, respectively in The Associated Press college football poll this week. Only one will be going to a post-season bowl game this year.

Meanwhile, Maryland, Mississippi State, Houston and Oklahoma State have joined the rapidly-growing list of schools who have accepted bids to play in the year-end spectaculars while Pittsburgh is playing a wait-and-see game.

Maryland, 14th-ranked nationally, will play in the Liberty Bowl Dec. 16 at Memphis, Tenn.

Herbie Hunt, Liberty Bowl president, said the Liberty Bowl representatives will be watching four games this weekend in an attempt to select an opponent for Maryland. The four games slated for scrutiny are Auburn at Mississippi State, Vanderbilt at Kentucky, Missouri at Oklahoma and Tennessee at Memphis State.

Astro-Bluebonnet Bowl officials said hometown Houston's opponent Dec. 23 will be either North Carolina State or North Carolina, with Pittsburgh an outside possibility.

However, North Carolina State reportedly is headed for the Peach Bowl, which will be played Dec. 28 in Atlanta.

Oklahoma State, ranked 17th has accepted a bid to participate in the Fiesta Bowl at Tempe, Ariz.

The Western Athletic Conference champion will oppose Oklahoma State Dec. 28. Arizona State, which has won all three previous postseason contests, Arizona and Brigham Young are still in contention for the WAC title.

Sun Bowl officials say they want Pittsburgh if the Panthers beat Temple this Saturday. But Pitt also is reportedly being courted by the Liberty Bowl and the Astro-Bluebonnet Bowl.

Mississippi State said it has accepted an invitation to play in the Sun Bowl Dec. 28 in El Paso, Tex.

Although bowl officials declined to confirm it, it is believed the Gator Bowl Dec. 30 at Jacksonville, Fla., will match Auburn against the Southwest Conference runner-up.

The Southwest Conference champion — either Texas, Texas A&M or Baylor — is slated to play in the Cotton Bowl Jan. 1 against Penn State.

The Sugar Bowl Dec. 31 will pit sixth-ranked Florida against ninth-ranked Nebraska, while third-ranked

Alabama and eighth-ranked Notre Dame is expected to clash in the Orange Bowl Jan. 1 in a rematch of last year's national championship battle.

Miami of Ohio, ranked No. 13, is headed for the Tangerine Bowl Dec. 21 at Orlando, Fla.

Probation and conference rules have cut down two of the nation's best teams. Second-ranked Oklahoma is banned from appearing in a post-season game by the National Collegiate Athletic Association.

And the granddaddy of all bowl games — the Rose Bowl — will feature the Big Ten champion versus the Pac-8 champion. Since top-ranked Ohio State and fourth-ranked Michigan are both in the Big Ten, one will be watching the postseason festivities with the nation's other football fans — on television.

Grid Picker Sees Falcons Win

NEW YORK (AP) — Okay, you want action? No delays, just business. So, how about Atlanta over Los Angeles? And Houston over Buffalo? Far fetched? Maybe — but over the years, a change of coaches in midseason often sets the stage for an upset. This could mean an Atlanta victory. But what about one for Houston?

While you mull over this for a moment, let's report that last week's effort by the Pro Pigs Picker was 13-0, a perfect slate. It lifted the season's showing to 74-29-1 for .718.

Now back to Atlanta and Houston:

ATLANTA (2-6) at LOS ANGELES (6-2): The Falcons have never won in Los Angeles, but they have a chance to redeem themselves and provide Marion Campbell, Norm Van Brocklin's successor, with his first victory. So, in the Upset Special ... Falcons 21, Rams 20.

HOUSTON (3-5) at BUFFALO (7-1): There's no reason to expect that the Oilers, on their first two-game victory streak since 1971, will make it three. So

let's not have an upset here and say ... Bills 31, Oilers 17.

PITTSBURGH (6-1-1) at CINCINNATI (5-3): The injury to Cincinnati running back Boobie Clark tirlts the scale to ... Steelers 20, Bengals 16.

WASHINGTON (5-3) at PHILADELPHIA (4-4): The going is too sticky in the NFC East for the Eagles to catch Washington looking ahead to Dallas. So ... Redskins 19, Eagles 17.

SAN FRANCISCO (2-6) at DALLAS (4-4): And the Cowboys won't start thinking about Washington until Sunday night ... Cowboys 24, 49ers 15.

DETROIT (4-4) at OAKLAND (7-1): Guess who has the longest victory streak current in the NFC? Guess who still will have the longest victory streak in the AFC ... Raiders 30, Lions 19.

MIAMI (6-2) at NEW ORLEANS (3-5): New Orleans will still be no worse off than

a second-place tie in the NFC West after the scoreboard says ... Dolphins 26, Saints 14.

CLEVELAND (2-6) at NEW ENGLAND (6-2): The Patriots have scored more points than any other NFL team so far. Cleveland has yielded more points than any other club. How about ... Patriots 30, Browns 13.

CHICAGO (3-5) vs. GREEN BAY (3-5) at Milwaukee: Chester Marcol's field goal kicking should help John Hadl register his first victory for Green Bay ... Packers 17, Bears 14.

DENVER (3-4-1) at BALTIMORE (1-7): It's simply a case of the Broncos having more horsepower ... Broncos 35, Colts 10.

SAN DIEGO (2-6) at KANSAS CITY (3-5): With

the help of rookie running back Don Woods, San Diego quarterback Dan Fouts should lead his team to its second straight upset ... Chargers 30, Chiefs 27.

NEW YORK JETS (1-7) vs. NEW YORK GIANTS (2-6) at New Haven, Conn.: Is there room in Manhattan for two swingers like the Jets' Joe Namath and the Giants' Craig Morton?... Giants 24, Jets 19.

MINNESOTA (6-2) at ST. LOUIS (7-1): Quarterbacks Jim Hart and Fran Tarkenton will provide the fireworks for the Monday night viewers in a game that could be a preview of the opening match in the NFC divisional playoffs in seven weeks ... Vikings 28, Cardinals 26.

NO SMALL FALL TASK — Financial Center in Des Moines posed big task as workers prepare for winter.

Governor's Race Could Be Tied Up Until Christmas

COLUMBUS, Ohio (AP)—The people of Ohio may not know officially until Christmas who their next governor will be.

With an unofficial victory margin of just over 10,000 votes for former Gov. James A. Rhodes, incumbent Democratic Gov. John J. Gilligan is entitled to a free recount, and the recount is considered almost a certainty.

Secretary of State Ted W. Brown said the recount may take until Christmas and could cost the state as much as \$200,000.

Brown said he expects errors in the unofficial tallies released early Wednesday. Those figures gave Rhodes, a Republican, 1,485,977 votes; Gilligan, 1,475,799 votes, and Nancy Brown Lazar, an independent, 97,502.

The raw scores in the unofficial totals are reported to Brown's office by telephone.

"They are seldom the same as the written report that follows up," Brown said. "There are transpositions and things like that discovered when the written report is prepared."

Brown first gets a written report of the unofficial vote. Then an official canvass begins, lasting two to three weeks, he said.

After that is certified, the recount

request can be made.

Brown said past experience has shown that major mistakes usually are caught during the written unofficial tabulation, which is started after election personnel get a day's rest from their all-night stint.

Under state law, candidates are entitled to a recount at state expense if the margin is less than one-half of one per cent. That would include the Gilligan-Rhodes contest.

When a candidate has to pay for a recount himself, the price is \$10 per polling place, and Brown says that doesn't cover expenses. The state has 13,013 polling places.

Since the state will be paying for the recount, Brown is expected to ask the Democratic-controlled state Controlling Board to reimburse his actual cost.

The Democrats, who have more to gain than they do to lose, are expected to comply.

"Everybody will want to be assured of the actual vote," Brown said. "If I was Gov. Gilligan, I would."

Rhodes said it will not bother him to wait until Christmas for the final word. "I will go on as I have before," he said. "We will leave that up to Ted Brown. We will abide by the law."

Reasons Behind Gilligan Loss Eyed

COLUMBUS, Ohio (AP)—Gov. John J. Gilligan's apparent loss to former Gov. James A. Rhodes in Tuesday's election can be attributed to a media

Guardsmen's Stories Heard In KSU Trial

CLEVELAND, Ohio (AP)—Statements given FBI agents by two former Ohio National Guardsmen, on trial on charges stemming from the 1970 Kent State University shootings, said the pair shot men advancing on them during an antiwar demonstration.

The statements by James E. Pierce, 30, of Amelia Island, Fla., and Lawrence A. Shafer, 28, of Ravenna, Ohio, presented by the prosecution Wednesday said both believed themselves to be in danger and that Pierce feared he "would not get out alive."

Three of the nine students wounded on May 4, 1970, during a confrontation of Ohio National Guard troops and demonstrators were among the day's witnesses. The 13-second burst of gunfire also left four students dead.

Pierce and Shafer gave their statements to the FBI three days after the shootings, which climaxed four days of demonstrations by students protesting United States military involvement in Cambodia.

They are among eight exguardsmen indicted last March 29 on charges of wilfully assaulting and intimidating the shooting victims and others by firing in their direction and depriving the victims and others of their right of freedom against loss of liberty without due process of law.

Pierce's statement said he "heard students yelling to kill us," as the troops advanced up a hill where the shooting occurred and that some of the demonstrators "were within 10 feet of us" as guardsmen reached the crest of the hill.

He said in the statement that he felt then that "I would not get out alive."

"I saw a man about 10 feet away with a rock in his hand and fired at him and the man fell," Pierce said in the statement. "As he fell, the man appeared to be hit. I saw another man with a rock in his hand and shot at him but missed."

Shafer's statement said students began to surround the guardsmen as the troops moved up the hill.

"The mood of the mob was hostile and I felt I was in danger," Shafer said. "There was a man advancing towards me with his hand upraised in a gesture" and his other hand behind him. He said he believed the man was planning to injure "someone on the hill."

"I fired at the man because I felt I was in danger of attack from him," Shafer said in his statement.

Some of Shafer's testimony before a special state grand jury that was read into the trial record said the man fell after the shot was fired "and as he fell he grabbed his stomach and rolled over."

Shafer and Pierce both told of being hit by bricks thrown by students, Shafer on the left forearm and Pierce on one leg, as guardsmen left the practice field. Pierce said he was knocked down by the impact.

Police Nab Shoplifter

John Jones, 46, 458 Dearborn Ave., was charged with shoplifting and intoxication by Circleville police Wednesday night following an incident at the Kroger Store, Lancaster Pike.

An employee of the store allegedly spotted Jones taking a Boston Roast valued at \$7.87 from the meat counter and placed it inside his coat.

Jones was attempting to leave the store, according to the employee who stopped the man to question him. Jones allegedly removed the roast from under his coat and told the employee he had intended to pay for the meat.

However, while the employee was telephoning for Circleville Police, Jones ran from the store.

He was arrested by Ptl. Ray Dulin behind the Buckeye Mart store.

Young Life Director Speaks To Ministers

Twelve Pickaway County Ministers attended the monthly meeting at the Good Shepherd United Methodist Church.

Greg Brown, Pickaway County Children's Service Case Worker, discussed Youth Life, a New Christian organization for high school students, with the association.

Brown recapped the history of the Young Life organization and stated its primary purpose. A chapter of the non-denominational group is presently in operation in Circleville with Brown as the director.

Marion Nansel also discussed the CROP Walk, which is scheduled 1 p.m. Nov. 17. He noted that the 10-mile hike will begin at the Trinity Lutheran Church Parish House.

The ministers attending the meeting were: Richard Crosby, A. E. Pusey, W. S. Hill, Eugene Flowers, Fred Mercer, Carl Zehner, Henry Walters, Wayne Wardwell, David Fraser, Don Makarius, Ken Beals, and Marion Nansel.

The next meeting is set for Dec. 2.
